MEMORANDUM FOR: General Counsel

FROM:

Director of Central Intelligence

SUBJECT:

Counterintelligence Study

REFERENCE:

Your Memo, dtd 30 June 1982,

Subject: Comments on CI Study

(ER 82-5309/5)

- l. Thanks for your comments on activating the SIG-I and the IG-CI to carry out the charges laid upon those bodies in NSDD-2.
- 2. Your comments on the legal and policy matters contributed to the NSC counterintelligence study are appreciated. I have done a lot of work in finishing off and rounding out this review of the U.S. Government counterintelligence capabilities and needed improvements. I think it would be useful if you read it, particularly the evaluations of current capabilities in Chapters 5 and 6 and the recommendations for added capabilities in Chapter 7. It will give you a good idea of what's going on and what additional activities we should be considering.
